

**A COURSE SYLLABUS – DOCTORAL SCHOOL  
REGARDING THE QUALIFICATION CYCLE FROM 2022 TO 2026**

<b>GENERAL INFORMATION ABOUT COURSE</b>				
Course title	Public speaking			
Name of the unit running the course	Doctoral School at University of Rzeszów			
Type of course ( <i>obligatory, optional</i> )	obligatory			
Year and semester of studies	2023/2024; semester III			
Discipline	Agriculture and Horticulture			
Language of Course	Polish language			
Name of Course coordinator	Dr hab. inż. Waław Jarecki, prof. UR			
Name of Course lecturer	Dr hab. inż. Waław Jarecki, prof. UR			
Prerequisites	Copyright			
<b>BRIEF DESCRIPTION OF COURSE (100-200 words)</b>				
<p>The aim of the course is to expand and systematize knowledge about public speaking, especially conference speaking. Topics will include the role of conferences, seminars and other public speeches in scientific development. The ability to search for conferences consistent with the discipline and scientific field will be discussed. Particular attention will be paid to the differences between national and international, stationary and online, industry and interdisciplinary speeches, etc. During the exercises, topics related to gestures, appearance, PowerPoint presentations, and answering questions will be discussed. During the classes, participants will learn to overcome stage fright, properly prepare a plan and structure of a speech, and will learn the so-called body language. Through practical exercises and working with a camera, they will improve the quality of their public speaking.</p>				
<b>COURSE LEARNING OUTCOMES AND METHODS OF EVALUATING LEARNING OUTCOMES</b>				
Learning outcome	The description of the learning outcome defined for the course	Relation to the degree programme outcomes (symbol)	Learning Format (Lectures, classes,...)	Method of assessment of learning outcomes (e.g. test, oral exam, written exam, project,...)
Knowledge (no.)	(Knows and understands)			
1	Knows and understands global scientific achievements, including theoretical foundations as well as general issues and selected detailed issues in the discipline of agriculture and horticulture.	P8S_WG1	classes	Oral report on completed tasks, activity in classes and participation in discussions, presentation on a given topic
Skills (no.)	(Able to)			
1	Is able to communicate on specialist topics in the discipline of agriculture and	P8S_UK1	classes	Oral report on completed

	horticulture and related disciplines to an extent that enables active participation in the international scientific community.			tasks, activity in classes and participation in discussions, presentation on a given topic
2	Organize or actively participate in scientific conferences, both domestic and foreign	P8S_UK3	classes	Oral report on completed tasks, activity in classes and participation in discussions, presentation on a given topic
3	Initiate scientific debate based on scientific evidence in the discipline of agriculture and horticulture	P8S_UK4	classes	Oral report on completed tasks, activity in classes and participation in discussions, presentation on a given topic
4	Participate in scientific discourse in the discipline of agriculture and horticulture	P8S_UK5	classes	Oral report on completed tasks, activity in classes and participation in discussions, presentation on a given topic
5	Speak a foreign language at level B2 of the European System of Language Education (including vocational) to an extent enabling participation in the international scientific community.	P8S_UK6	classes	Oral report on completed tasks, activity in classes and participation

						in discussions, presentation on a given topic
<b>Social competence (no.)</b>	<b>(Ready to)</b>					
<b>1</b>	Maintaining and developing the ethos of research communities, especially independent or team cooperation, and respecting the principle of public ownership of the results of scientific activities	P8S_KR1	classes			Oral report on completed tasks, activity in classes and participation in discussions, presentation on a given topic
<b>LEARNING FORMAT – NUMBER OF HOURS</b>						
Semester (no.)	Lectures	Seminars	Lab classes	Internships	others	ECTS
III		6				1
<b>METHODS OF INSTRUCTION</b>						
Exercises - discussion, practical classes - oral statement with multimedia presentation						
<b>COURSE CONTENT</b>						
The role of public speaking in scientific development. The ability to search for conferences consistent with the scientific field and discipline. Public speaking formats, presentation graphic design, speech style. Typical post-presentation questions and presentation preparation. Preparation and presentation of your own results or data compiled from other sources. Summary classes.						
<b>COURSE ASSESSMENT CRITERIA</b>						
Pass by grade/oral examination The classes will be assessed based on the doctoral students' own presentations. To obtain a pass, each doctoral student must prepare a short (10 - 15 min.) presentation on a selected topic approved by the course instructor. Presentation and oral presentation will be assessed as follows: 10-12 points – very good (5.0); 7-9 points – good plus (4.5); 5-6 points – good (4.0); 3-4 points – sufficient plus (3.5); 1-2 points – satisfactory (3.0)						
<b>TOTAL PhD STUDENT WORKLOAD REQUIRED TO ACHIEVE THE INTENDED LEARNING OUTCOMES – NUMBER OF HOURS AND ECTS CREDITS</b>						
Activity			Number of hours			

Scheduled course contact hours	6
Other contact hours involving the teacher (consultation hours, examinations)	2
Non-contact hours – student`s own work (preparation for classes or examinations, project, etc.)	2
<b>Total number of hours</b>	<b>10</b>
<b>Total number of ECTS credits</b>	<b>1</b>
