#### 4.2 Course assessment criteria

To successfully complete the internship, a student is required to submit the following documents:

- a document confirming the completion of the internship (including company name, address, and the dates of the internship);
- an opinion prepared by the internship supervisor, which should include personal data of a student, date and place of internship, information concerning the achievement of internship objectives, general conclusions regarding compliance with the company regulations and cooperation rules, and an assessment of work quality (depending on a company, this assessment may concern data analysis skills, language sensitivity and awareness, marketing skills, graphical and multimedia design skills, and project management skills). A student should receive the document on the last day of the internship;
- a sample project delivered during the internship to demonstrate the achievement of the subject objectives. The quality of the project is assessed by the internship supervisor at the university.

The grade obtained by the student is the arithmetic average calculated based on the evaluation by the internship supervisor and the project presented by the student.
